IN MISERY.

There is a bird with fine feathers that hides his head and imagines himself concealed. There are boys and men as well who come themselves, and in their misery, they have others with them, for "misery loves company," and go about twisting language and warping conditions, thereby forcing favorable constructions. His friends are delighted and there can scarcely be found a man in these parts who does not say that he will stand by Beckham as long as he is a candidate.

In speaking of the matter the other day several men who are thoroughly familiar with the prevailing conditions in the State, said that Governor Beckham would be a hard man to beat, and they gave as their reason that his administration, so far, has been one of the ablest, cleanest and best ever experienced in the State. They not only point out the fact that he has been absolutely clean and free from adverse criticism, but that he has been wise in his selection of good and fit men to fill the numerous vacancies it has been his lot to fill since he has been in office. Then, too, they say that the removal of Dr. McCormick, one of his own appointees, and a man from his section of the State, shows that he will do his duty it matters not who is concerned. Gov. Beckham, they assert, has issued fewer pardons during the time he has been in office than has any other Governor in this State in the same length of time. The Governor's friends say that few men would, during the troublesome times following Gov. Goebel's assassination, have acted so cautiously and consistently. His calling of an extra session of the legislature and asking for a law which would suit both parties alike is said by his friends to be one of the strongest points in his favor and they believe his unusual party service should be recognized by a second nomination.

A GOOD MAN.

Several of the Democratic papers of the State have spoken in favor of W. B. O'Connell, of this city, as a candidate for the Democratic nomination for Clerk of the Court of Appeals. If the party want a man in every way qualified for the position Mr. O'Connell is the Democrat that would fill the bill, and because of his Democracy and qualifications we give testimony to the party and urge that he be named.

Claude Chinn! let's see, isn't he the man who was elected County Clerk of Fayette county by the Democrats and who has been in so much trouble recently? Well, if this is the Mr. Chinn who refused to support Democratic nominees recently and is now asking the Republicans to make him their nominee, the Republicans should consider his claim on them. What is it he possesses that is so much like unto Republicanism.

By the vote to be taken in Morehead June 11th will be determined whether the good citizens prefer the saloon or an industrial school under the auspices of the Christian Women's Board of Missions.

Mrs. McKinley has so much improved that the President will start with her for home in a few days. The country rejoices with the Chief Executive because of the restoration of his devoted wife.

Killing in Morgan.

Another killing in Morgan county is reported. On Rock House W. L. Brown cut Buck Hensley's throat with a knife, killing him instantly. The trouble arose over a horse trade.

GOVERNOR BECKHAM.

Nice Things Said About a Great Man—His Mistakes Have Been Few.

The following from the Frankfort correspondent of the Louisville Critic, we clip entirely. It is worth the reading and worthy of due consideration:

The Critic's mention a few weeks ago of the fact that several prominent lawyers had asserted that Gov. J. W. C. Beckham is eligible to a second term seems not only to have stirred up the papers over the State, but the politicians are discussing it everywhere. As yet Gov. Beckham has given out no intimation as to what his ambitions are for the future and he has not even mentioned to his closest friends whether or not he will try for the nomination, but this fact does not keep the politician from talking. His friends are delighted and there can scarcely be found a man in these parts who does not say that he will stand by Beckham as long as he is a candidate.

In speaking of the matter the other day several men who are thoroughly familiar with the prevailing conditions in the State, said that Governor Beckham would be a hard man to beat, and they gave as their reason that his administration, so far, has been one of the ablest, cleanest and best ever experienced in the State. They not only point out the fact that he has been absolutely clean and free from adverse criticism, but that he has been wise in his selection of good and fit men to fill the numerous vacancies it has been his lot to fill since he has been in office. Then, too, they say that the removal of Dr. McCormick, one of his own appointees, and a man from his section of the State, shows that he will do his duty it matters not who is concerned. Gov. Beckham, they assert, has issued fewer pardons during the time he has been in office than has any other Governor in this State in the same length of time. The Governor's friends say that few men would, during the troublesome times following Gov. Goebel's assassination, have acted so cautiously and consistently. His calling of an extra session of the legislature and asking for a law which would suit both parties alike is said by his friends to be one of the strongest points in his favor and they believe his unusual party service should be recognized by a second nomination.

The race for the nomination for Prison Commissioner has opened up and already the candidates are hard at work. Hon. Edward Fennell, of Harrison county, one of the members of the present commission, is a candidate to succeed himself. Mr. Fennell is very popular here and throughout the State and the chances are at present that he will receive the nomination. He has an opponent, however, in the person of Senator W. O. Coleman, who is also a good Democrat and a popular man. Senator Coleman served in the last State Senate. His home is in Henry county.

Then the time of the Hon. Jim Richardson, of Barren county, expires at the same time and Mr. Richardson will be a candidate for re-election. Mr. Henry George, of Graves county, will oppose him for the nomination. Mr. Richardson is one of the most popular newspaper men in the State and he has a host of friends who are enthusiastically for him in Louisville and all parts of Kentucky.

The Board of Equilization has begun to experience its busiest time. It will be in session about a month longer and it has a great deal of work before it. Among the delegations that appear before

the Board daily are some of the best known politicians in the State

Congressman George G. Gilbert of the Eighth District, was in the city last week. He took a very view of the political situation in the State and in conversation with friends, he said that he felt certain from present indications, that the next legislature will be safely Democratic. He said the party seemed to be in better shape than it had been for some time and that there are abundant evidences that the disgruntled element of the party is swinging into line. Mr. Gilbert said he felt sure that the Democrats will be successful.

NOTES FROM HAZEL GREEN.

A convention will be held here on Thursday, May 23, to nominate a Democratic candidate for the 91st Legislative district—Morgan and Wolfe counties.

Revs. Dickey, of Campton; Neal, of Grayson, and Thider, of Carlisle, will deliver addresses during commencement week at Hazel Green Academy.

Judge Swango has a bed coverlet which was presented to his mother by his grandmother, Mrs. Wm. Trimble, who has been dead 45 years. The loom upon which it was woven had 17 treadles to operate to weave in the various figures and colors.

Will Cecil, of Cedar Bluff, Va., is visiting relatives and friends in and about Hazel Green.

Married, at the residence of J. M. Nickell, on Red river, Miss America Nickell and a young Mr. Stamper, on Sunday, the 11th inst.

John Pieratt, who is now traveling for a Louisville harness and saddlery house, left on Monday for a tour of Elliott and Lawrence counties.

(See Births.)

Another Residence Burned.

On Wednesday morning about 3 o'clock the residence on J. G. Trimble's farm, near the city, on the Owingsville pike, was completely destroyed by fire. A defective chimney is supposed to be the cause. The building was occupied by Robert E. White and family. He was on the Licking river fishing at the time. But little of the household goods was saved by the family, as the fire was under headway when discovered and access to the upstairs was prevented. Hoffman's agency carried a policy for \$4.

The house was not insured. It was one of the old land-marks in this section. Mr. Trimble said that when he first visited Mt. Sterling, 67 years ago, that the residence then appeared to have been several years old.

During Mr. Trimble's residence in this city he has lost by fire his brick livery and this frame residence by accident, and his private barn by an incendiary. He had no insurance on either.

Skin affections will readily disappear by using DeWitt's Witch Hazel Salve. Look out for counterfeits. If you get DeWitt's you will get good results. It is the quick and positive cure for piles. F. C. Duerson.

Decoration Day will be on Thursday of next week.

FACTS AND OBSERVATIONS

TO JACKSON AND OWINGSVILLE.

On Friday, May 10, at Torrent we met Miss Sue Sublette and Mrs. A. Bourne, of Lexington, Ky., and Mrs. Helen Moses, of Indianapolis, who had been to Hazel Green on business connected with the Hazel Green Academy. We did not learn what the C. W. B. M. will do. In the afternoon we went to Athol, and there, through the courtesy of Mr. Kratzer, in charge of the pay car, we rode to Jackson, arriving at 7 o'clock. We always stop at the Arlington and are cordially received by Judge Hagins and wife. This was "Society" night at the hotel. Twenty couple responded to the appeals of a string band. We were not invited to take part. We saw the whirl of white and pink and blue and red, and enjoyed the sights and sounds. Our sleep was not interrupted as the merry go round continued.

On Saturday morning we met Mr. John D. Strong, whom we had not seen for about twenty-six years, when he was a miller about Hazel Green, and the writer was a mill boy. He had been a resident of Breathitt county before locating at Hazel Green. This was during the reign of feuds in Breathitt. Circumstances were such that he contemplated a return to his native county. His wife fearing that he might become involved in the feud objected, especially if he continued to drink whiskey. He then and there promised to drink no more whiskey. They returned to Breathitt. He informed the writer that his promise had been kept.

We wish that all men would part company with the accursed stuff. If so, this old world of ours would enter upon a new era of happiness and prosperity and thousands of men would be saved annually from drunkard's graves and hell.

THE ACADEMY.

We went to the academy. Prof. Dinwiddie kindly showed us the sights which we had not previously seen, and written in our Facts and Observations. The Manual Training Department is an important one in the school. There is a well equipped carpenter's department, including ten lathes and forge and drill. We were shown samples in match boxes, Indian clubs, book-racks, tables, stands, book-cases, etc., all the work of the boys.

In the Sewing Department the girls are instructed in drawing, designing and dress-making. There are four machines in this room.

We were shown through the kitchen where the girls receive regular instructions. (This kitchen is separate from the regular kitchen, where cooking is done for the occupants of the dormitory.)

There are six members of the Senior Class, and once each week a meal is prepared for invited guests.

One girl will buy what is to be used, and prepare the food, another does the cooking, another supervises the table, etc., and this the work is done in courses from week to week. We were not there on company day. If we are invited to partake of such a meal, the announcement will be made as a Fact & Observation. As a part of the Culinary Department is a laboratory supplied with acids, spices, extracts, measures, etc., etc. Chemical effects and combinations are studied, as they apply to cooking.

Each department is under an instructor, well qualified, we suppose, for the work assigned. These comments are made because the Advocate Pub. Co. are friends and advocates of education and religion and what else is for the good of man. We did not ask for advertisement or job work. We want all our readers to know something of what is being done in educational lines in our Kentucky mountain section.

We took dinner with Mr. Floyd Day. He has an interesting family of five girls—all small. Mrs. Day handed to us the babe. We enjoyed nursing the sweet innocent.

Mr. Day is, we presume, the most extensive mill and lumber man in eastern Kentucky and has a fine trade.

We were pleased to meet Mack Clark. He is a hustling business man, but unmarried. On the morning of our call he had sold to George Hon, of Winchester, for the Reliance Manufacturing Co., of that city, 80 car loads of lumber. Mack is one of the "chief men" of the Day Bros. Lumber Co.

SMALL POX.

We will not give details of the man who with a well developed case of small pox rode to town with his wife and was trading in the store when the doctor informed him that his disease was small pox and told him to go home. This occurred on the day we were in Jackson. The man did not know he had small pox. Said his father had the same for three weeks.

On the train coming down was S. S. Taulbee, County Clerk, en route to Covington as witness in the Federal Court. We reached home on Saturday night after spending two hours at Dodge, Schellville and at the residence of Dr. Combs.

The Democratic primary to select candidates for county offices had recently been held. The method of conducting the primary has been severely criticised, especially by the present County Judge, J. Wise Hagins, who was a candidate for the nomination. His dissatisfaction found expression in a hand-bill which spoke in plain terms of fraud, corruption and ballot-box stuffing.

We regret that there should have been anything which would cause or justify the publication of such a remonstrance, whether the fault be in Judge Hagins or in those whose conduct he criticises.

If a man has been fairly defeated, let him graciously submit and work for his successful opponent. He has no right to complain. If frauds and down-right thefts have been perpetrated, there ought to be protest—not by one man only, but by hundreds.

Our opinion on such matters has been frequently expressed, and we presume our readers know where we stand.

OWINGSVILLE.

On Monday we went to Owingsville, in the afternoon drove over to Salt Lick where we spent the night. If somebody does not give attention to that defective bridge on pike the county of Bath will have a suit for damages, after a serious accident whereby a woman and two children have been killed and her husband seriously crippled because the horse stepped in one of those openings or a plank struck him and he ran away and demolished the carriage with above casualties.

We reached home on Tuesday morning and in afternoon went to North Middletown for various reasons. Our next trip will be to some other section and we will want the news.

This evening at Harry Campbell's new building, North Maysville street, the ladies of the Episcopal church will give a strawberry supper from the most delicious berries of the season.

Go to Ed. Mitchell, the Hardware Man, for Screen Doors, Windows and Screen Wire. 45-2t

Clifton Prewitt, of the county, was a member of the Federal grand jury at Covington. He returned home on Thursday.

LION COFFEE

A LUXURY WITHIN THE REACH OF ALL!

The consumption of

LION COFFEE

has increased immensely, and this coffee is now used in millions of homes.

The grocers all over the country keep us busy delivering LION COFFEE to them.

You will find no stale LION COFFEE on his shelves—it sells too fast to grow stale. Why? Because it is an absolutely pure coffee.

Our motto is **Strength, Purity and Flavor.**

Please bear in mind that

LionCoffee

is not a glazed article; it is not coated with egg mixtures or chemicals in order to give it a better appearance. We do not need to resort to such measures—we have no imperfections to hide!

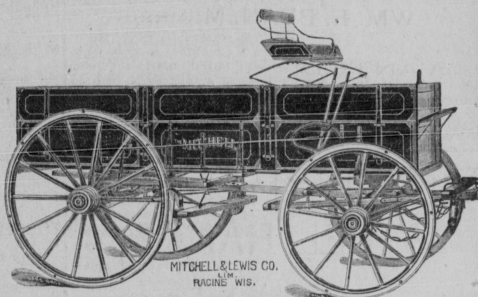

Watch our next advertisement.

In every package of LION COFFEE you will find a fully illustrated and descriptive list. No housekeeper, in fact, no woman, man, boy or girl will fail to find in the list some article which will contribute to their happiness, comfort and convenience, and which they may have by simply cutting out a certain number of Lion Heads from the wrappers of our one pound sealed packages (which is the only form in which this excellent coffee is sold).

Kentucky Crop Report.

The month of April was cool and most of the time wet and farm work did not progress very satisfactorily, especially in the preparation of corn land and planting this cereal. The early planting in Southern Kentucky was mostly planted over. Hence, this report shows a falling off in condition from 93.4 to 83. Wheat shows a still further gain in condition of a little over 6 points, bringing the percentage for this crop to 86, as against 79.8 in March report. Of course this condition is based on the outlook on the 1st of May.

The oat crop does not promise so well as in March, while rye is slightly improved in condition. Tobacco plant beds are fine in some localities, but in others are not growing as they should. Some fear the crop will be set late and this brings condition to 88. Clover still holds its low average. Live Stock condition 93. There is a little hog cholera. The fruit is all right nearly all over the State. President Johnson of the Horticultural Society thinks the injury from cold will tell later and fruit will drop badly. One farmer in Jefferson county is planting 40 acres in onions. In some of the burley growing counties there is a cry of late and short supply of tobacco plants.

Cudaby Wants the Kidnap.

Edward A. Cudaby, of Omaha, is quoted as saying he will, if necessary, double his reward of \$25,000 to secure the capture of Pat Crowe, the alleged kidnaper of his son.

Mrs. Nation Guilty.

At Topeka, Kansas, Mrs. Nation was found guilty of destroying property at the head of a band of 200 "home defenders."

"I have been suffering from Dyspepsia for the past twenty years and have been unable after trying all preparations and physicians to get any relief. After taking one bottle of Kodol Dyspepsia Cure I found relief and am now in better health than I have been for twenty years. I can not praise Kodol Dyspepsia Cure too highly," thus writes Mrs. C. W. Roberts, North Creek, Ark. F. C. Dueron.

The decomposed body of Henry Bayne, a Washington county farmer was found near his home. He had cut his throat after disappearing from home three weeks ago.

Sound advice to those who have kidney and bladder troubles, is to take a safe, sure medicine like Foley's Kidney Cure. It always benefits the kidneys. F. C. Dueron.

If people only know what we know about Kodol Dyspepsia Cure, it would be used in nearly every household, as there are few people who do not suffer from a feeling of fullness after eating, belching, flatulence, sour stomach or water-brash, caused by indigestion or dyspepsia. A preparation, such as Kodol Dyspepsia Cure, which, with no aid from the stomach, will digest your food, certainly can't help but do you good. F. C. Dueron.

Senator Deboe in a formal interview says that he has assurances of the support of Messrs. Yerkes and Bradley and other prominent Republicans for re-election, thus practically insuring him a clear field for the Republican nomination.

The Most Stubborn Coughs resulting from an attack of la grippe or heavy cold, must yield to the wonderful healing properties of Foley's Honey and Tar, which strengthens the lungs and makes them sound. F. C. Dueron.

Three Men Given Their Freedom.

Governor Beckham pardoned R. N. King, P. S. Sullivan and Will Mosely, of Middlesboro, who were arrested last spring, charged with conspiracy to kill, King, who at that time was Chief of Police, with a posse attempted to arrest Grant Rains. A fight occurred, and one man was killed and another injured.

Scott's Emulsion

of Cod Liver Oil is the means of life, and enjoyment of life to thousands: men women and children.

When appetite fails, it restores it. When food is a burden, it lifts the burden.

When you lose flesh, it brings the plumpness of health.

When work is hard and duty is heavy, it makes life bright.

It is the thin edge of the wedge; the thick end is food. But what is the use of food when you hate it, and can't digest it?

Scott's Emulsion of Cod Liver Oil is the food that makes you forget your stomach.

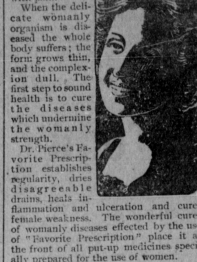

If you have not tried it, send for free sample, its agreeable taste will surprise you. BOWNE, Chemist, 409 Pearl Street, New York 50c and \$1.00; all druggists.

Deserted His Wife.

A dispatch from Lexington, under date of May 14, says: Mrs. Frank Underwood and little baby, of Owlesy county, spent last night in the police station here. She was a Mrs. Stamper, and last week married Underwood, who brought her here and deserted her.

NO SHADOW

Of outward misfortune can darken the smile of the loyal wife and loving mother. But when disease comes, the smile slowly fades, and in its place comes the drawn face and light closed lips which tell of the constant struggle with pain.

When the delicate womanly organism is diseased, the body suffers; the face grows thin, and the complexion sallow. The first step to sound health is to cure the diseases which undermine the womanly strength.

Dr. Pierce's Favorite Prescription establishes regularity, drives disintegrable druggs, heals inflammation and ulceration and cures female weakness. The wonderful cures it has effected by the use of "Favorite Prescription" place it at the front of all put-up medicines specially prepared for the use of women.

It was treated with female weakness for more than 1 year. I can tell you that more of Orange, Perle, and other medicines were used, but I can tell you that I am now as healthy and well as I ever was. Thank Dr. Pierce enough for his medicine.

Dr. Pierce's Pleasant Pellets cure biliousness and sick headache.

A Venerable Minister of Mercer County.

Hundreds of people from Washington, Anderson and Mercer counties gathered at Grapevine church in the west end of Mercer county, Sunday, May 13, to hear Elder Wesley W. Graham, aged ninety-one years, preach his farewell sermon.

For sixty-five years he has preached at Grapevine, and for sixty-five years has owned and lived on the farm adjoining the church, and has given away enough meals to buy a Blue Grass farm.

For sixty-four years he has kept a diary and has recorded therein every birth and death that has occurred in his community in all these years. In this diary is also chronicled the state of weather each day, the land sales and land trades in his neighborhood, and the name of every person who has visited his home in the sixty-four years.

During his long and eventful life he has never been out of the State or scratched a Democratic ticket. Such is the confidence reposed in him that he has arbitrated many misunderstandings and prevented many lawsuits, and until the scales of eternity are adjusted the weight of good that has been accomplished by this venerable preacher can never be actually estimated. His wife died a year ago, aged eighty-eight years.

Elected Lady Cashier.

The Directors of the Commercial Bank at Grayson elected Dr. J. W. Strother President and his daughter, Miss Jessie, assistant Cashier. This is the only instance we know of where a lady holds such a responsible position in a bank, and is a deserved tribute to Miss Strother's fidelity and business capacity.

It's Important

to have your bowels move regularly. When you are constipated your entire system is clogged up with poisonous matter. This means imperfect health, resulting in Headache, Sleeplessness, Backache, Biliousness, Irritability, Loss of Appetite, Indigestion and Weakness. Take the best laxative made to be relieved and cured.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the form of the swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and of sometimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, for the disease develops slowly and will break out at the first favorable opportunity. S. S. S. cures this fascinating, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Reels, 1515 Public Square, Nashville, Tenn., writes: "I am a mother of five children and have been afflicted with Scrofula for many years. I have tried every remedy but have not been cured. I have been told that S. S. S. is a sure cure and I have decided to try it. I have now used one bottle and I feel better than I have for many years."

S. S. S. makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage. Send for our free book and write our physician about your case. We make no charge whatever for medical advice. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Boom at Junction City.

Junction City is experiencing a boom in real estate and property on account of the recent investments of capital and the opening up of new industries at that place. Work has begun on the First State Bank of Junction City, which was capitalized last winter for \$15,000 and will open its doors to business the first of July.

Combination a Good Thing.

President Schwab, of the United States Steel corporation, testified before the Industrial Commission that he thought nothing but good could result from business combinations. He took a position against organized labor, which he believed to be a detriment to workmen. The present tendency of employers, he said, was to give the highest price for proper service and that no member of a labor organization was in position to avail himself of such disposition.

There has never been a more useful and absurd institution established in this State than what is called the "Reform School." The neighbors say that a lot of vagabonds are congregated in this school and they are kept in idleness and extravagant living. From what is said by those who look into this school it is positively a disadvantage to the inmates. Boys and girls are congregated in this institution and are fed and clothed and so far from receiving benefit receive positive damage by their confinement. Tens of thousands of poor children in the mountains would be vastly benefited by a proper expenditure of the money which is wasted on the inmates of this school.—Lexington Gazette.

"Our little girl was unconscious from strangulation during a sudden and terrible attack of croup. I quickly secured a bottle of One Minute Cough Cure, giving her three doses. The croup was mastered and our little darling speedily recovered," so writes A. L. Spafford, Chester, Mich. F. C. Duerson.

THE HOME GOLD CURE.

An Ingenious Treatment by which Drunkards are Being Cured Daily in Spite of themselves.

No Noxious Doses! No Weakening of the Nerves. A Pleasant and Positive Cure for the Liqueur Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison and nerve-complexity shattered by peroxide or constant use of intoxicating liquors, requires an outside agency for neutralizing and eradicating this poison, and elevating the craving for intoxicants. Sufferers may now cure themselves at home without publically exposing them to the eyes of their friends. The "HOME GOLD CURE" which has been perfected after many years of close study and treatment of individuals. The faithful use of this medicine in accordance with the directions is positively guaranteed to cure the most advanced cases of Drunkenness, and to restore the system to its normal condition. The "HOME GOLD CURE" is a simple, safe, and pleasant to the taste, so that it can be given in a cup of coffee without the knowledge of the person taking it. Thousands of Drunkards have cured themselves with this precious remedy, and as many more have been cured and made decent men by having the "HOME GOLD CURE" administered to them. It is a relief without their knowledge in tea or coffee and made to suit the fancy of the individual. W. H. Boswell, who has had charge of the Rees House in Winchester for several years, will leave about June 1st. He has leased the St. Charles Hotel at Maysville and will assume charge of that hostelry.

Lillian, the two year old daughter of Mr. and C. W. Jones, died Wednesday at the home of her grandparents, Mr. and Mrs. T. I. Davis. The remains were taken to North Middletown. Mr. and Mrs. Jones live in St. Louis.

Winchester has a right to be proud of her fire department. During the year from March 1, 1900, to March 30th, 1901, there were thirty-two alarms, and the total fire loss was only \$507.00. The hose wagon and hook and ladder truck went out on all alarms.

In the case of W. D. Judy plaintiff and Amos Ford defendant plaintiff against the Enterprise Fire Insurance Company of Lexington, judgments have been rendered in the Circuit Court in favor of the plaintiffs for about \$2,000, and the attachments sustained by the court, and it will now be in order for the large number of persons in Clark and Madison counties who were summoned as garnishees to answer and pay their assessments according to notice of garnishment.

Suicide of George Hedges.

On Friday night at his home near Henry's Mill on Somerset Creek, George Hedges took landanum with suicidal intent. He died on Saturday afternoon.

The inhuman crime of incest by George Hedges with his child was the cause that led to his suicide. Hedges married the daughter of an upright citizen, who was a most excellent woman and exercised great care in bringing up her children. She died about six years ago. Hedges was a drinking man and while in a state of intoxication committed the unspeakable deed. So soon as the crime was made known, the Masons, of which organization Hedges was a member, notified him to appear before them, but rather than be exposed he secured four ounces of landanum, took it and departed this life for the region of the damned.

Over the dead body of Hedges Esq. J. W. Henry held an inquest and these facts and the demand that his daughter charge the crime to her brother-in-law, who is an upright citizen, came out. The citizens of Aaron's Run are greatly enraged because of the revolting crime and as a just retribution would have approved the severest punishment.

Questions For Examination.

J. H. Wells, Superintendent of Schools in Menefee county, was in town on Monday. In conducting the examination of teachers on Friday and Saturday he discovered that the questions furnished by the State Superintendent had by sale or otherwise fallen into the hands of some of the teachers. This discovery was made at the beginning of the examination, so he changed the questions in the various departments. The next grand jury will ask some questions.

Some Wonderful Fossils.

Editor Mt. Sterling Advocate:

More than one hundred years ago James Douglas, filled with wonder and admiration, on beholding the vast numbers of enormous bones of the gigantic mastodons or mammoths that had perished at Big Bone Lick, lingered behind his party to examine and survey these new wonders.

More than one hundred mastodon skeletons have been found at this place and eagerly borne away to enrich the museums of Europe and America.

Picture to yourself a herd of one hundred of these ponderous prehistoric animals, five times as large as the elephant, and you will not wonder that even in that early day the minds of men were filled with wonder and admiration on beholding their enormous bones.

And what naturalist is there who does not mourn the zoological impoverishment of our world that resulted from their extinction?

In 1898 the old historic Blue Lick well ceased to flow. Mr. Dan Turley, of Paris, offered the sum of \$500 to any one who would find the leak and stop it. As a result of this offer there is now on exhibition for a few days in Mt. Sterling the finest collection of fossil mastodon or mammoth bones that has ever been carried through Kentucky.

These wonderful relics, the genuineness of which is unquestionable, are in charge of Messrs. T. W. Hunter and M. M. Gordley, who will take great pleasure in showing them to every one during their stay in our city.

Such a collection is worth any one's most careful and thoughtful inspection, and especially should it be seen as a means of education by all boys and girls under mental training.

These wonderful fossils of mastodon, buffalo, deer, elk and other curious animals were found near that old historic Blue Lick well, mingled together under a covering of ten feet of coarse gravel.

In this marvelous collection may be seen an enormous tusk that must have been twelve or fifteen feet long when complete, huge vertebrae twelve inches or more in diameter; sections of jaw bones with teeth still in place; many enormous teeth remarkably well preserved, some of which are eight inches in diameter, and many other curious "first bones of time."

A HURRICANE OF Bargains for Cash Buyers.

THE BUSY BEE CASH STORE

Has decided to throw their entire stock of merchandise upon the market for 30 days the most unheard-of slaughtered prices ever before named in the history of Mt. Sterling.

Backward season, overbuying, overstocked and the crowded condition of our store has caused this sale. We are compelled to have money to meet our spring bills, and a great sacrifice sale helps our customers and helps us.

We shall take each Department as it comes and spare not a single article in any of them. We play no favorites. Nothing reserved. They must all go.

We commence this week with **Clothing and Shoes**. If you are familiar with our prices in these departments, you could not recognize them now. The cold steel of our keen-edged knife went to the quick, and not a single old price is left to tell the tale.

Suits that were \$15 to \$18 are now \$9 to \$11. Suits that were \$10 to \$12.50 are now \$6.50 to \$8. Suits that were \$7.50 to \$9 are now \$3.48 to \$4.98. And our lower-priced suits are almost thrown in to make up your bundle. Our Boys and Children's suits and pants have been cut so deep that you can't possibly recognize them. When we say half price we don't exaggerate. Call and see for yourselves; don't take our word for it. Bring your boys along for you will wish you had. The suits can't stay with us long at these prices. We mean business.

We know it is death to competition to turn loose as big a stock of **Shoes** as we carry at prices we are turning them out at during this sale, but we can't help it. We are forced to do it. They must go or we must, and we prefer to stay.

Come and buy all the Shoes and Slippers you expect to need this spring and summer while this sale lasts. You have been our friends, and we appreciate it. This is good advice we give you. Profit by our loss while you can. This sale can't last long.

Watch our circular for sale date of other departments. They will all feel the knife before we ease up. This is the verdict of the Busy Bee Cash Store corporation and can't be changed.

Hoping our many friends and patrons will avail themselves of this unprecedented chance to buy all the goods they need for months to come, we are,

Very Respectfully,

OLDHAM BROS. & CO., Busy Bee Cash Store.

DEATHS.

MAJOR.—At Carlisle, the infant of Rev. W. H. Major.

WARD.—Wm. Ward, aged about 65 years, died at his home near Maytown, Ky., on Saturday night.

ROBINSON.—Mrs. James Robinson died on Friday night, May 17th, at her home near Maytown, Morgan County.

GAGE.—The wife of Mr. Gage, the Secretary of the Treasury, died at Washington City on Thursday night of nervous prostration.

PARKER.—Miss Ella Parker, a most estimable young lady, died at the residence of Mr. Peyton Robinson in Winchester on Wednesday morning of consumption.

HISLE.—Edward Hisle, son of Thos. Hisle, of Kiddleville neighborhood, died on Tuesday last of typhoid fever at Ashby College, Willmore, Ky. The burial was at Kiddleville on Wednesday.

YORK.—At Owensboro, James York, aged 12 years, while playing with other boys, put his hand on the cable which holds up an are light and was instantly killed.

BENTON.—The wife of Rev. W. T. Benton, pastor of the Methodist Church, died at her home in Cynthiana on May 11th. She was a noble, christian woman. The funeral services were conducted by Rev. A. Redd, of Winchester, assisted by Rev. C. F. Oney and other ministers of Cynthiana.

VANARSDELL.—Mrs. Emily C. Vanarsdell, aged 52 years, departed this life on Thursday evening, May 16, at 9 o'clock, of apoplexy.

She was the widow of Judge I. M. Vanarsdell, who preceded her about six years ago. Mrs. Vanarsdell was a Miss Shubert; married in this county in 1870 and removed to Frenchburg, where she lived until 1891. She leaves three sons—J. W., of Washington City; C. L., with Walsh Bros., and R. L., with Cooper & Barnes. Mrs. Vanarsdell had been a member of the Christian church for more than thirty years. Her funeral was held at this church Saturday morning at 10 o'clock by Rev. H. D. Clark and her remains were buried beside her husband's in the Machpelah cemetery.

By the death of this pious, Christian woman a vacuum is made, but the reflection of a beautiful life will go down the ages through the lives of her noble sons. Each of these boys has labored with us, and in speaking of them our statements come from knowledge. Of the stork and stork of exemplary ancestry we have a reason for high hopes and urge the boys on and up, gathering and dispensing, making the world the more beautiful. Mrs. Vanarsdell died as she had lived—ever ready to meet Him whom she loved and for whom she had labored. May the boys be ever mindful of her beautiful life, her words of wisdom, that after awhile the Lord may call: "Come home, my children; we done."

Another land mark passes in his reward. On last Saturday, May 18, Mr. Wellesley Orear, who was born April 30, 1809, and was therefore past 92 years old, died of general debility. He had been one of the Magistrates of this county, had been U. S. mail carrier and to what every duty called he was faithful in his discharge. His children who survive him are Bert and Joe Orear, Mrs. J. S. Wyatt, Sr., and Mrs. Lou Ricketts. Mrs. Mary Stephens, Miss George Cheatham and Mrs. Nannie Welch, of Bates county, Mo. He had lived with Mrs. Stephens for several years. He had been a member of the Methodist church for a number of years and in this church in the absence of Pastor D. W. Roberts, his funeral was conducted by Rev. G. C. Abbott, who had often visited him in his last days. Remains were buried in Machpelah cemetery. Mr. Orear was a just man. One who lived for a purpose and adhered to the principle which attained to it. His children, grand children, and great grand children are representative men and women of our county, expounding to noble ancestry. Peace to his ashes.

May Court.

About \$50 cattle on the market. The quality was fair. Trade was slow and very little interest shown in business. Prices were good for what stock was sold. Eight hundred pound steers sold at 4 to 4 1/2; yearlings were higher and sold at 4 1/2 to 5; heifers sold at 3 1/2 to 4; cows at 2 1/2 to 3 1/2, with some extra nice fat cows as high as 4c. Sales of some yearling bulls, high grades, at \$40 to \$50 per head.

A fairly good crowd at the yards from surrounding counties, but no buyers out of the State.

SALES.

Stanley & Allen sold 35 about 600-lb. heifers to Stout & Wilson at \$21 per head.
Jno. Grooms sold a bunch of 550-lb. heifers to Jas. McCormick at \$21 per head.

Brock & Railsback, of Clark county, bought some 800-lb. cows of Treadway & Welch at 3c.

Joe W. Downing, of Fayette county, bought some 900-lb. cows of Ben May at \$22.50.

Arnett & Keeton sold yoke of cattle to N. P. VanMeter, of Clark, at \$90, about 4c.

A. L. French bought 33 about 600-lb. steers of Various Parties at \$25 per head.

Risner & Johnson sold J. W. Downing, of Fayette, some 570-lb. steers at \$4.35.

J. W. Wilson bought 12 about 500-lb. yearlings of David Linden at \$26 per head.

Columbus Irvin, of Nicholas county, bought 12 of about 600-lb. heifers at \$24 per head.

J. D. Booth, of Bourbon county, yoke of cattle of Green Allen, at \$100, about 4c.

Sam Lathrum, sold a nice 1160-lb. fat cow at 4c to Welch & Treadway.

Jas. Hall, of Powell county, bought 33 yearling steers, about 500-lb. of O. H. Downing at \$26.

O. H. Downing sold 7 fat heifers, 850-lbs. at 4c to Welch & Treadway.

Ike C. Vanmeter, of Clark county, bought a yoke of cattle of John Falkner at \$112, about 4c.

HORSES AND MULES.

The mule market was about as usual, not a great many on the market. Carithers & Beard, of Lexington, bought 18 at from \$75 to \$150 per head, the latter price for some 151 hand mare mules. Some other parties bought a few mules, each at about these prices.

Horses were a little dull. No fine horses for sale. Some fairly good horses sold at \$75 to \$80. Some good horses sold at \$100 to \$125.

Real Estate.

On Tuesday Dr. Newt Cox bought the A. J. Tharp residence on Queen street for \$1,000 and a lot on Holt avenue from Baird & Barnes for \$350—\$5 per front foot.

A. J. Tharp bought of Mrs. Emma Bradbury her Sycamore street residence for \$1100.

These sales were for cash.

Stray Heifer.

THE SICK.

Mrs. Mary Stoner is much improved.

Mrs. Lucinda Osborn, aged about 75 years, is in a dying condition.

Mrs. Albert Reed is very sick at her home on Mitchell Avenue.

Lindsay Coleman has been granted a vacation by his firm, Geo. Todd & Co., of Louisville, and has been in our city for some days. His health is not good. He and wife will soon go to Tucson, Arizona.

In February Miss Loula Steagall, of Dayton, Ky., was in a wreck on an electric car line leading to Cincinnati. At the time she did not know she was seriously hurt. Since April 10 she has been in Spears hospital at Dayton suffering from nervous prostration.

On Saturday night at her home on the Wade's Mill pike, Mrs. Sarah Scores, aged 52 years, fell in her room and broke the thigh bone at the hip. She is the step-mother of Robert and Rosin Scores, of Winchester. She and her widowed sister, Mrs. Pollie Hunt, live together. Owing to advanced age, but little if any improvement is expected.

Visitors From North Middletown.

Many visitors came from North Middletown on Saturday to witness the game of baseball between the team from that town and the team from Goodwin's High School in this city. The following are some of them: Misses Laura Boone, Elizabeth Walker, Emma Skillman, Lovie Fox, Bertha Bishop, Mrs. M. G. Talbot, Messrs. H. L. Caywood, F. W. Collins, Roy McCray, Robt. Gilkey, Bennett Bean, John Willie Wynn, Prof. Trahern, Dr. Gilkey, Pete Anderson, Watson July, North Middletown; Prof. Brooks, Lexington, and Miss Norma Fiske, of Indiana.

The North Middletown team was successful, the score being 10 to 9.

J. D. Wyatt, who has been in feeble health for years, will soon enter the Old Soldiers' Home at Marion, Ind. For four years he served in the 24th Kentucky Regiment. He has been partially paralyzed in the lower limbs for some years, and finds it necessary to seek relief and care in this institution. We hope his stay there may be pleasant and helpful.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All doctors have tried to cure Catarrh by the use of powders, acids, ointments, and drugs in some form. Their powders dry up the mucous membrane causing pain, itching, and bleeding. The powerful acids used in the lotions have entirely eaten away the delicate membrane that their makers have failed to cure. And old and experienced practitioners who have for many years used a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which is a safe and reliable cure, not only relieving at once, but permanently curing Catarrh. It is a new and powerful remedy, stopping the discharge, and curing all inflammation. It is the only remedy known to science that has ever been used to cure Catarrh. It is sold at the extremely low price of one dollar, each package containing instruction and expert medicine sufficient for a full monthly treatment. "SNUFFLES" is the only perfect Catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures in a few days, quickly and permanently, and is also wonderfully quick to relieve Hay Fever or Colds in the Head.

Catarrh when neglected often leads to consumption—"SNUFFLES" will save you if you use it at once. It is unnecessary to resort to a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to directions which accompany each package. Do not fail to get it at once, and write full particulars as to your condition, and you will receive a free copy of the same. The discovery of this wonderful remedy regarding your case without cost to you is a great privilege. Send request for address in the United States on Card or order of the Eastern and Western Dispensary, 210 E. Main St., St. Louis, Mo.

A Strong Firm.

Messrs. James R. Shrout, R. C. Robinson and W. F. Hibler have formed a partnership and will engage in the grocery and meat business in the Reid building on Main Street. These men are popular and active business men, and we haven't a doubt as to their success. Mr. Hibler has had several years experience as a grocer and butcher. The other gentlemen have been farmers and dealers in live stock. The firm will no doubt give us as good as the market affords, and will command a large business.

C. G. Nugent has resigned his position as teacher in the Campton Academy and is now stenographer for a wholesale grocery at Junction City.

BLUES

Ever have them? Then we can't tell you anything about them. You know how dark everything looks and how you are about ready to give up. Somehow, you can't throw off the terrible depression.

Are things really so blue? Isn't it your nerves, after all? That's where the trouble is. Your nerves are being poisoned from the impurities in your blood.

Ayer's Sarsaparilla

purifies the blood and gives power and stability to the nerves. It makes health and strength, activity and cheerfulness.

This is what "Ayer's" will do for you. It's the oldest Sarsaparilla in the land, the kind that was old before other Sarsaparillas were known.

This also accounts for the saying, "One bottle of Ayer's is worth three bottles of the ordinary kind."

Write the Doctor.

If you have any complaint whatever and don't know what to do, or if you are not getting better, write the doctor. You will receive a prompt reply, without cost. Address: Dr. J. C. Ayer, Lowell, Mass.

CENTRAL UNIVERSITY SUE.

Damages Fixed at \$15,000.

The difference between Dr. Dudley S. Reynolds and the faculty of the Hospital College of Medicine has resulted in the filing of a suit at Richmond for \$15,000 damages by Dr. Reynolds against Central University, of which the medical college is a branch. The following members of the faculty, all residing in Louisville, are made co-defendants: L. S. McMurry, H. Grant, F. R. Taylor, F. C. Wilson, S. G. Dahney, J. E. Hays, Thomas Hunt Stucky, J. M. Mathews and Philip F. Barbour.

Dr. Reynolds alleges that the defendants and co-defendants conspired to depose him from the chair of ophthalmology, otology and medical jurisprudence in the college and to "destroy his rights as teacher and to set aside his contract with the Central University entered into in 1893 for a period of ten years."

Dr. Reynolds claims that the faculty took snap judgment against him, giving him no notification of his removal or opportunity to make a statement.

THE FACULTY SIDE.

When asked for an expression on Dr. Reynolds' suit Dr. P. Richard Taylor, Dean of the Hospital College, made the following statement:

"For some time past Dr. Reynolds has been in conflict with his colleagues of the faculty regarding his methods of instruction, which were unsatisfactory to the class and were not approved by the faculty. He positively refused to abide by the advice of the faculty, and defied all authorities of the college."

"After several efforts to conciliate him, which proved ineffectual, he was requested to resign by unanimous vote of the faculty."

"This he refused to do, and the faculty by unanimous vote recommended to the Board of Curators that his chair be declared vacant."

"This was done by the board, and Dr. Reynolds received official notification, both of the action of the faculty and of the Board of Curators. The Board of Curators of Central University have the authority to vacate any chair whenever in their judgment there is any sufficient reason for doing so."

A grain of sand in the eye can cause excruciating agony. A grain of pepper in place of the grain of sand intensifies the torment. The pain is not confined to the organs effected. The whole body feels the shock of that little irritating particle. It is so when there is any derangement or disorder of the delicate womanly organs. The disorder may seem trivial but the whole body feels it. The nervous system is disordered. There are fretfulness, irritability, sullenness and depression of spirits. The general health of woman depends on the local health of the organs peculiarly feminine. Remove the drains, ulcerations, bearing down pains, and other afflictions of woman, and the whole body feels the benefit. Dr. Pierce's Favorite Prescription is a specific for the diseases that undermine the strength of women. It is free from opium, cocaine and other narcotics, poisons which enter into many other preparations for woman's use. It makes weak women strong and sick women well.
